## N O T I C E :

---

We have years' of experience with fruit trees, etc., and procure our buds from our own orchards, which is quite an advantage.

We exercise the greatest care in keeping our varieties true to name and absolutely do not substitute unless so instructed by the purchaser and then all varieties are labeled exactly what they are, and in case of any mistakes on our part, we will not be responsible for any damages beyond the purchase price of stock sold.
